Health Control

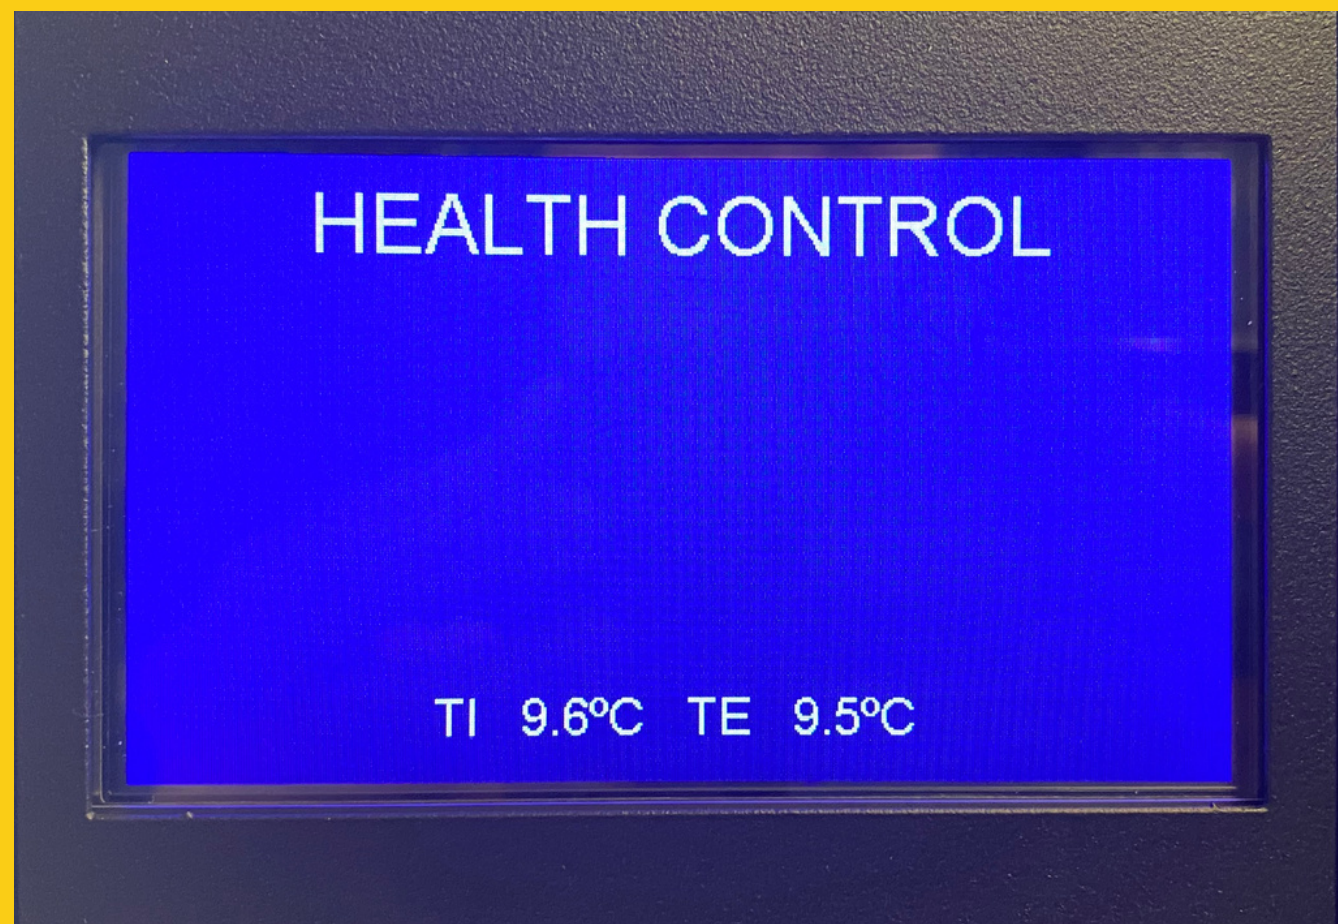

KEEPS
INTERNAL
TEMP
BELOW*

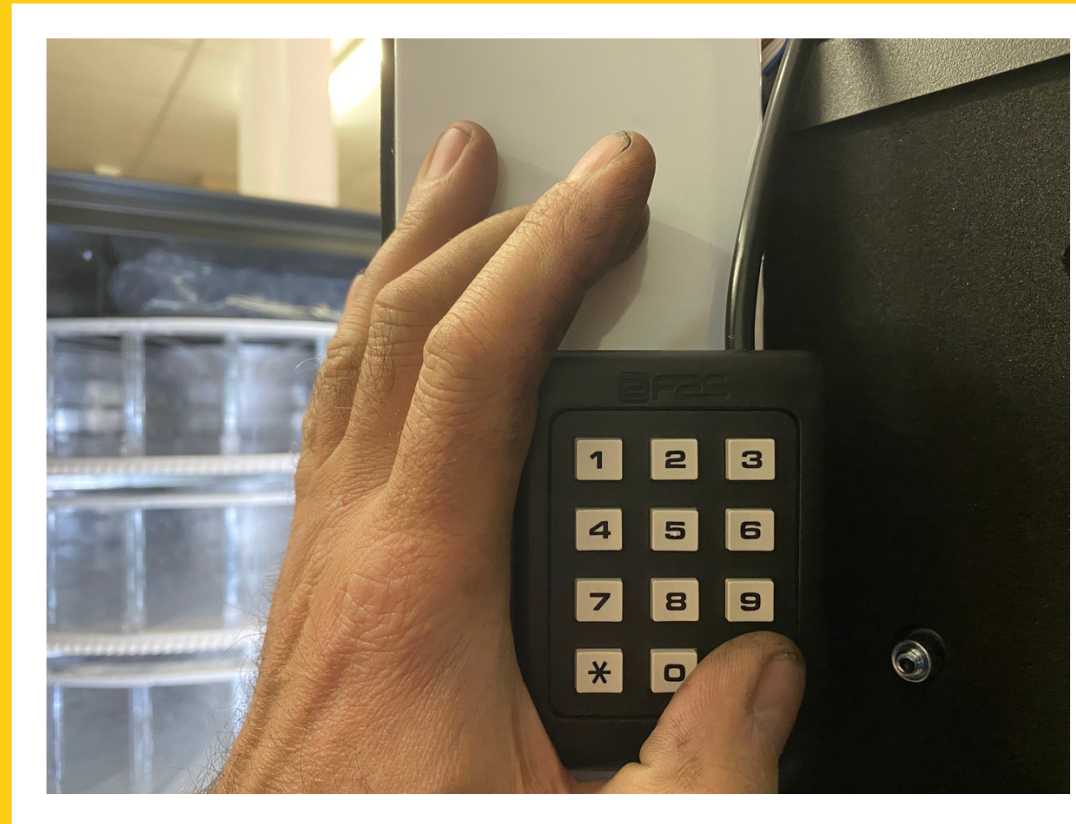

8°

*MACHINE WON'T VEND IF IT RISES ABOVE -
IMPERATIVE FOR FOOD HYGEINE

If the internal Temp rises above 8 degrees for longer than 60 minutes a warning appears that must be reset before the Easy 6000 will vend again

TI = Internal Temp
TE = Evaporator Temp

With the door open press either:
• **#** or the **shopper button** to reset

If issue persists consult fridge fixes
