MONTHLY CLEANING:

These instructions show the steps for the Monthly Cleaning including:

- Clean the Instant Canisters
- Clean the Bean Canisters

1

Open the Door
with the key

2

Open the
canister lid

3

Turn canister
chutes upwards

4

Remove instant
canisters by
lifting them and
pulling them
forward

5

Wipe Cup Tray
with a damp
cloth

6

Pull the bean
canisters slider
forward to
close the bean
outlet

7

Remove bean canister by lifting up - empty, clean & dry bean canisters

8

To clean the Instant canisters - Remove canister chute

9

Remove the ring that locks the auger - on backside of the instant canisters

10

Pull auger out of instant canister

11

Clean all parts:
Auger
Chute
Ring
Canister

12

Dry all parts - Ensure they are fully dry before refilling to prevent blocks

13

Reassemble all parts

14

In the machine - clean the area of bean canisters...

15

And instant canisters with the cleaning brush

16

Replace cleaned bean canisters - FILL LATER ON

17

Push bean slider back into machine - allowing beans to flow

18

Fill the canisters with beans - as per roasters instructions

19

Fill the instant canisters with product - as per labels

20

Replace instant canisters - ensure canister connects to the motor at the back

21

And the front falls into the hole

22

Rotate the canister chutes downwards into mixing bowls

23

Ensure they are angled correctly - wipe any dust from the metalwork

24

Close the lid

Close the door -
machine is
ready to use

PLEASE NOTE:

These instructions are in addition to the Daily and Weekly cleaning - that includes:

- Flushing the milk lines
- Cleaning the brewer/grinder
- Emptying waste container
- Cleaning drip trays
- Cleaning the screen
- Cleaning the machine
